

## TAKOMA PARK CITIZENS ASK FOR IMPROVEMENTS

Various Topics Discussed by Association—President Announces Committee Appointments.

The improvement of 4th street, at the terminus of the Washington Railway and Electric Company in Takoma Park, was the subject of discussion at a meeting of the Takoma Park Citizens' Association last night, held in the Takoma branch of the Washington Public Library.

On motion of Maj. D. S. Fletcher, a resolution was adopted requesting the District Commissioners to erect at least three electric lights on this street between Butternut and Cedar streets. The District authorities also will be urged to put a temporary surface on the street, as the construction of a sewer has left the roadway in an almost impassable condition in wet weather.

**Railway Changes Desired.**  
George W. Nussbaum suggested also that the manner of shifting the cars at the terminus of the line be taken up with the railway officials and efforts made to require motormen to run their cars up to the end of the line before unloading passengers and not a square away, as it was stated at the meeting has been the method of late. This would relieve passengers from walking several hundred feet over a muddy surface, in wet weather. The matter will be taken up with the railway officials.

The association referred to the railway committee the communication from the Brightwood Park Citizens' Association urging the adoption of a resolution for the removal of the trolley poles on Georgia avenue, north from Florida avenue to the District line, and the construction of an underground system.

The parks and parking committee was directed to a similar committee from the Takoma Park Horticultural Society relative to improvements in Takoma Park, both in the District and Maryland sides. The committee as announced is composed of E. V. Crittenden, L. M. Moores and F. B. Linton. A resolution to this effect was introduced by Dr. D. N. Shoemaker.

A. C. Davis was elected a member of the association and W. Stewart was elected assistant secretary.

**Committees Announced.**  
President Wilmer G. Platt announced the following standing committees for the ensuing year:

Railroads—James W. Dyre, chairman; C. H. Spencer and H. D. Lawson. Lights—Samuel A. Cottrell, chairman; Dr. J. A. La Clerc and Fred L. Harrier. Publicity—Howard S. Fisk, chairman; J. Bond Smith and H. F. Taft. Education—H. C. Gore, chairman; Homer Skeels and W. F. Wright. Streets and walks—F. E. Reppert, chairman; H. L. Thornton and E. S. La Fette. Parks and parking—E. V. Crittenden, chairman; L. M. Moores and F. B. Linton. Fire and police—C. C. King, chairman; and Dr. D. N. Shoemaker. Membership—Homer Skeels, chairman; James W. Dyre and R. S. Cyphers. Finance—F. B. Linton, chairman, and Maj. D. S. Fletcher. Postals—George W. Nussbaum, chairman; Dr. Preston King and J. B. Derrick.

The November meeting probably will be held in Takoma Parish Hall, on which occasion it is expected a number of District officials will be present. The meeting will be followed by a buffet luncheon. Arrangements for the entertainment of the guests will be under the direction of President Platt.
